

The people of Lakeside have elected me twice to act in the best interests of all citizens, not just a small group of naysayers. To maintain my independence, I didn't run with a slate of candidates. I ran and managed my own campaigns. No one buys my votes through the exchange of services, friendship or monetary support.

It's a struggle to remain independent, but the rewards are significant. I place my record before you: Beautification, a new playground, a community garden, festivals, such as the Crowdad Festival, boat races and the Fourth of July. These things bring us all together to celebrate community.

The hard work of bringing Lakeside into alignment with Oregon laws is more difficult and scary, but it is time to get it done.

This council is working together to tackle the tough jobs, saving you thousands of dollars in the process with fair hiring and personnel practices, an in-county attorney, DEQ compliance, and watchful budget management.

I want to continue to work for a Lakeside that meets all our needs. It takes time and focus. Recall draws us away from the job you hired us to do.

End the expensive cycle of recall. Vote NO.

Mark J. Eulankes
Lakeside City Council
